Good Morning Members:

We are delighted to announce that registration for the RBYC Youth Summer Sailing Programme is now open to Club Members. We do hope that you will take advantage of these excellent courses and sign up your children and grandchildren. We are pleased to welcome Sailing Director Tom Herbert-Evans to RBYC. Tom will be the Head Instructor for the 2011 programme.

Sea Squirts

We will again be offering a "Sea Squirts" programme this year. This "fun with boats" course is an opportunity for younger children, ages 5-7, to enjoy time on the water and learn the basics of sailing. Each day the children will also participate in different activities and crafts to do with the water.

Youth Summer Sailing Programme

Registration is now open for the 2011 Youth Summer Sailing Programme which will run from July 4 - August 26 comprising four two-week sessions. Full and half-day courses are available depending on the group. Please note that lunch will be available for full day students on Fridays only and is included in the course fees.

* Please also note that the week beginning July 25 lessons will only be offered on 3 days due to Cup Match - the fees will be pro-rated accordingly.

We are offering weekday courses for the following groups of sailors:

- Beginner Optimist
- Intermediate Optimist
- Advanced Optimist
- Beginner 420
- Advanced 420

Please Register Early!

You will find all the required registration materials and further information on the RBYC website at www.rbyc.bm under Youth Sailing or contact the Sailing Office at sailingoffice@rbyc.bm or 294-6716.

RBYC members have the first option to register until April 8th after which time all courses will be opened to the general public.
